

The Calvary Concert Series includes some of the finest local, national and international performers. This annual series of events fulfills our corporate desire to support the arts while promoting an appreciation of individual and group musical artistry to the Denver community.

These concert events are part of a comprehensive music program for all ages at Calvary Baptist Church. We believe that music enhances worship and has the power to connect us more fully to the God who is the focus of all we do. Thus, our choirs, vocal and instrumental ensembles, individual musicians and listeners engage spiritually as well as musically.
